

Investments in the Quality of Life in the Schiphol region

Laila Driessen, Vice Govenor – Province of
Noord-Holland

Schiphol and the region

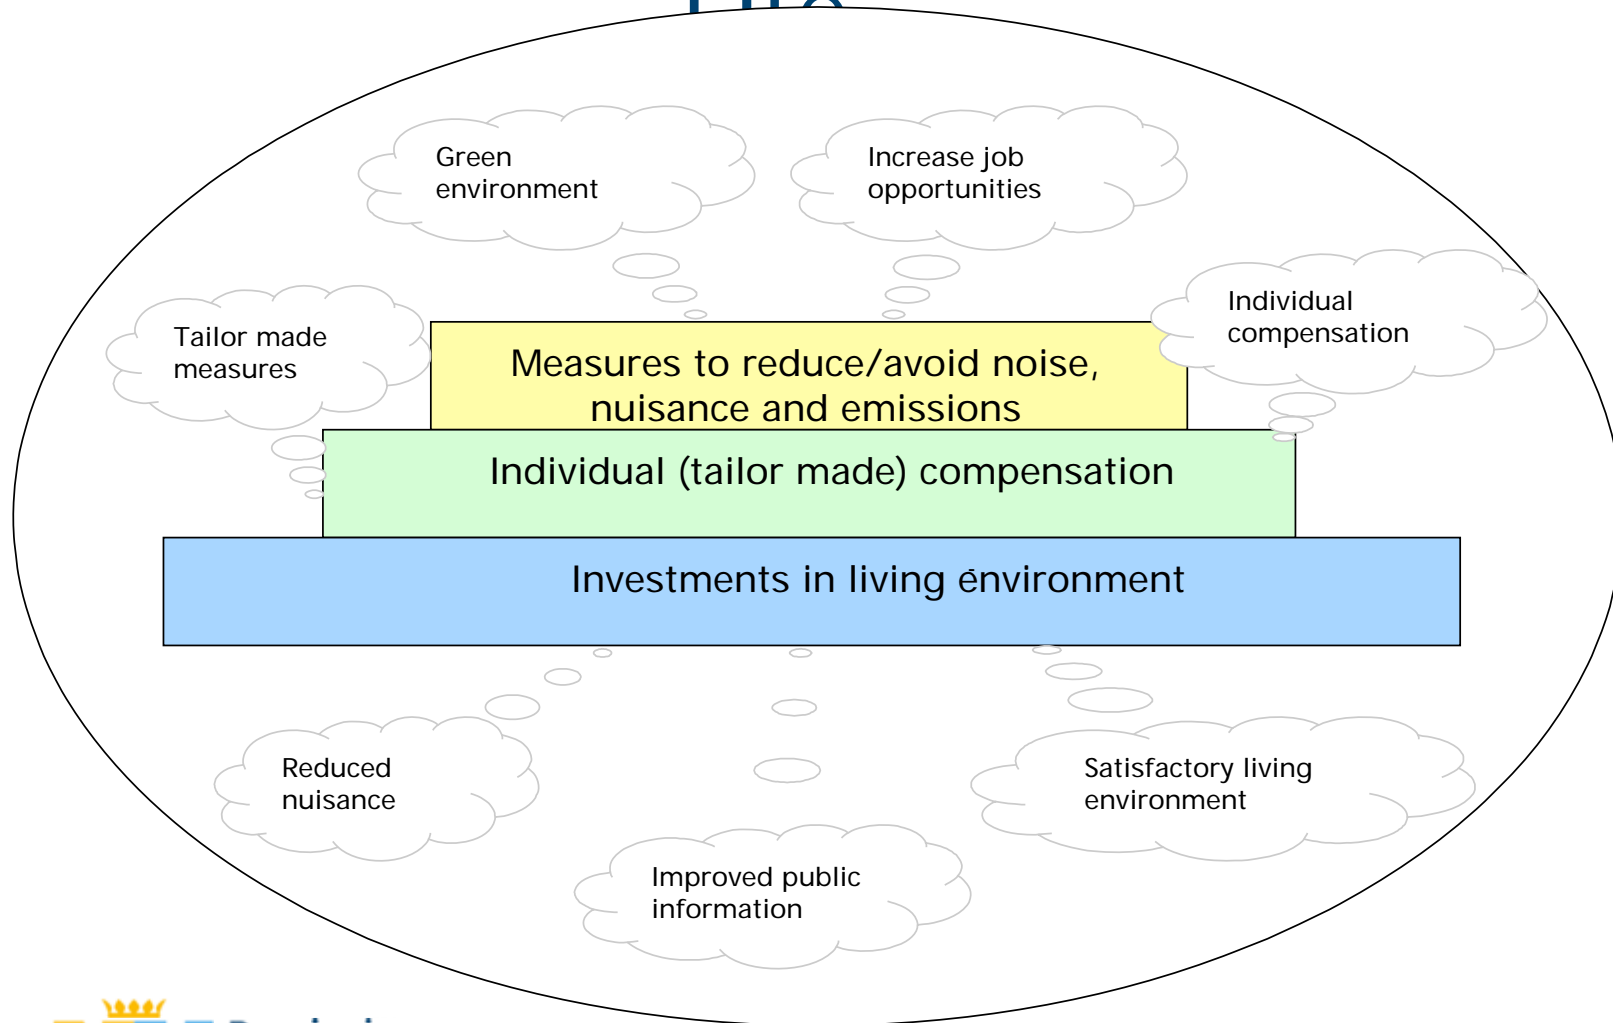

Economic growth

Quality of life

Three elements of Quality of Life

Objectives of Quality of Life

- Competitive airport regions in balance with quality of life
- Exchange of knowledge of good practice

Alderstafel

Agreement on:

- Development of the airport
- Reduction of nuisance
- Investments in the surrounding area

Improving the quality of life

- Individual cases
- Sustainability of local communities

Foundation

Partnership: Noord-Holland and Schiphol

Contribution: € 10 million each
+ National government contribution

Total budget: € 30 million

Foundation

Working on:

- Solving individual cases
- Mediation for individual solutions:
 - insulation measures
 - fixing roof tiles
 - cleaning garden furniture

Foundation

Working on:

- Helping with the development of plans for investments
- 'Bottom-up' approach

Working together!

To reduce noise levels and emissions

To provide tailor made solutions for those most heavily affected

To improve developments in the airport region.

Airports and Quality of Life: quite a puzzle!
