Airport Region Mediation Competence Center in Vienna (ARMCC-VIE)

Presentation ARC Annual Meeting (AM) - ARMCC-workshop
Amsterdam, December the 3rd 2009
Wolfgang Hesina

Workshop ARC-EC-Meeting Amsterdam (I)

ARMCC-website - basic idea:

- A joint information and learning platform for all ARC regions

Objective:

- Operation of a competence center for participatory planning and mediation procedures in airport regions

Tasks:

- Collection of data and information material on participatory planning procedures, citizen participation procedures, and mediation procedures in airport regions
- Provision of advisory services focusing on the main topic

Workshop ARC-EC-Meeting Amsterdam (II)

Technical report:

- ARMCC-website is online since twelve o'clock, Dec 2nd 2009
www.airportmediation.org
- Content available for 15 airports and 15 airport regions (member area)

- Amsterdam
- Barcelona
- Berlin
- Chicago
- Copenhagen
- Frankfurt
- London (Heathrow)
- Madrid

- Munich
- Oslo
- Seattle
- Stockholm
- Sydney
- Vienna
- Zurich

Workshop ARC-EC-Meeting Amsterdam (III)

Status content implementation:

- approximately 650 documents, reports mostly as downloads
- approximately 300 plans, pictures, grafics
- 70% of the information available in english language

- Please contact the ARC (Gunnel Rydberg) to get a password for the member area of the website or send me an email

w.hesina@dialogforum.at

Workshop ARC-EC-Meeting Amsterdam (IV)

Next step *(january – april 2010):*

- More airports & regions planned for content collection

- Paris (CDG)
- London (Gatwick)
- Brussels
- Mailand (Malpensa)
- Göteborg

- Warsaw
- Helsinki
- Prague
- Malta
- ???

Next steps *(january – june 2010):*

- completion of current content with the help of ARC-members
- contacts to regions starting to be implemented in the website

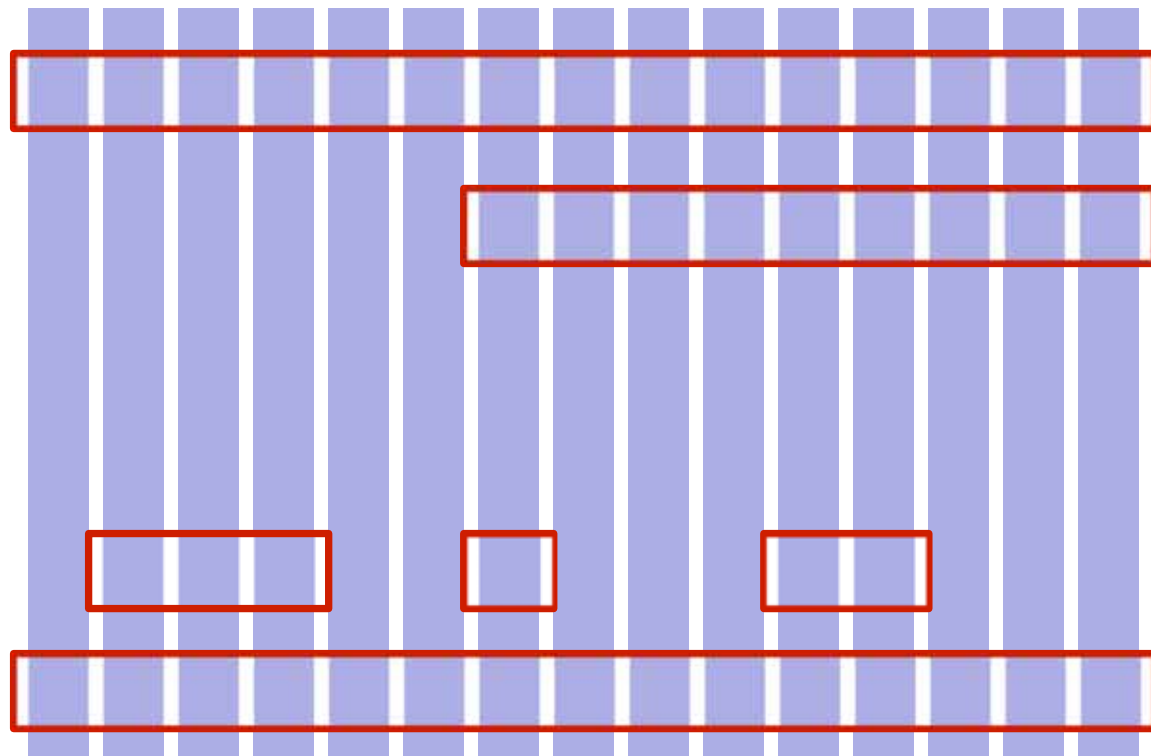

Workshop ARC-EC-Meeting Amsterdam (V)

How to use the website?

- Select a number of airports for comparative studies
- Use information as selection criterias
- Select and compare some topics of different airports or airport regions
- Compare details (measures, airport or regional datas)
- General information about airports
- Goal: everybody can learn and make conclusions for

airports 1, 2, 3, →

n

Workshop ARC-EC-Meeting Amsterdam (VI)

Content airport channel

- Runway information
- Terminals & gates
- Movements / passengers / freight
- Hub / home carrier
- Plan of the airport
- Noise abatement procedures
- Airport curfews - quota count system
- Operating quota
- Noise budget restrictions
- emissions surcharge
- Noise surcharge
- Preferential runways
- Land use planning programm information
- Noise monitoring system

- Flight tracking
- Noise mitigation programs
- Noise reports / publications
- Today in discussion
- Noise situation today
- Environmental and flight noise mitigation measures
- Players in mediation processes and participatory planning procedures
- Results of participatory planning procedures and mediation processes
- Airport development measures (e.g. new runways, terminals, parking garages, access road systems)

Workshop ARC-EC-Meeting Amsterdam (VII)

Content airport regions channel

- Regional basic information & data (tables, maps, grafics, photos etc.)
- Inhabitants / population affected by noise
- Resident population datas
- Economy / economic benefits
- Catchment area
- Accessibility of the airport
- Modal split
- Plan of the region / regional development plans
- Players in regional discussion
- Economic and environmental situation
- Main infrastructure systems (roads, railway systems, airport accessibility etc.)
